**Convulsions**  
**Altered vision**

**Eye or muscle twitching**  
**Involuntary movements**

**Loss of awareness**  
**Disorientation**

- To reduce the likelihood of a seizure when playing video games:
  1. Sit or stand as far from the screen as possible.
  2. Play video games on the smallest available television screen.
  3. Do not play if you are tired or need sleep.
  4. Play in a well-lit room.
  5. Take a 10 to 15 minute break every hour.

### **WARNING - Repetitive Motion Injuries and Eyestrain**

Playing video games can make your muscles, joints, skin or eyes hurt. Follow these instructions to avoid problems such as tendinitis, carpal tunnel syndrome, skin irritation or eyestrain:

- Avoid excessive play. Parents should monitor their children for appropriate play.
- Take a 10 to 15 minute break every hour, even if you don't think you need it.
- If your hands, wrists, arms or eyes become tired or sore while playing, or if you feel symptoms such as tingling, numbness, burning or stiffness, stop and rest for several hours before playing again.
- If you continue to have any of the above symptoms or other discomfort during or after play, stop playing and see a doctor.

### **WARNING - Battery Leakage**

The Nintendo DS contains a rechargeable lithium ion battery pack. Leakage of ingredients contained within the battery pack, or the combustion products of the ingredients, can cause personal injury as well as damage to your Nintendo DS.

If battery leakage occurs, avoid contact with skin. If contact occurs, immediately wash thoroughly with soap and water. If liquid leaking from a battery pack comes into contact with your eyes, immediately flush thoroughly with water and see a doctor.

To avoid battery leakage:

- Do not expose battery to excessive physical shock, vibration, or liquids.
- Do not disassemble, attempt to repair or deform the battery.
- Do not dispose of battery pack in a fire.

Thank you for purchasing the game "Chronicles of Mystery: Curse of the Ancient Temple". Please remember that the game is meant only for the NINTENDO DS system. Please read this instruction manual carefully.

Solve various riddles and puzzles in order to discover the ancient secret of the Gozo island!

## INSTALLING THE GAME

This game is meant only for the Nintendo DS™ system.

Insert the "Chronicles of Mystery: Curse of the Ancient Temple" GAME Card into your Nintendo DS™.

Press the POWER Button.

When the „Touch to Start“ command appears on-screen, touch the Touch Screen with the stylus.

## CREATING YOUR PROFILE

Using the stylus, choose  
„CREATE PROFILE“.

Next, choose the name for your profile by tapping the letters on the typewriter on the screen. Remember that the name you choose will be with you until you finish playing the game.

Confirm your choice by tapping the large arrow visible on the typewriter (at the bottom of the keys).

## CHOOSING GAMEPLAY MODE

The game offers you two separate gameplay modes: RELAXED and NORMAL.

1. The RELAXED mode allows you to enjoy the game without employing time limits or score system.
2. The NORMAL mode limits the time of the game and allows you to gain points, which are noted in the HIGH SCORE tables. Some AWARDS (see AWARDS section) can only be gained in this mode.

Once you decide on the mode, tap the appropriate mode name. Remember! If you want to change the gameplay mode, you will have to start the game anew, so make sure you pick the one you really want.

## GAMEPLAY TYPES

The game offers you several different ways in which you can explore the world of „Chronicles of Mystery“. Each of those is a different type of gameplay, that will provide you with many hours of fun and entertainment.

### STORY

This type is the basic and most developed element of the COM game. It allows you to explore the plot of the game, as well as gain access to additional elements of the world, such as „Minigames“ or the „Hidden Object“ mode.

The true secret of Gozo is waiting to be uncovered by you. Meet the protagonists and explore the ancient history of Malta. A world of riddles and forgotten ruins is waiting for you.

## HIDDEN WORLD

This is a completely different type of gameplay, based on looking for hidden items. It is systematically unblocked during the „Story“ gameplay. The special items found while playing will allow you to uncover new locations and new items hidden within. Find the secret treasure and places – gain as many points as you can.

## MINIGAMES

This type offers a set of several dozen minigames which you can play in order to gain points. All the games you complete in the „Story“ mode will appear here. You can play them as many times as you like, gaining a higher score. The best score will be noted.

## AWARDS

Every explorer chances upon treasure. You can gain it too! In the AWARDS tab, you will learn what to do in order to expand your collection of unique items. Win all the trophies of the "Chronicles of Mystery" world.

## OPTIONS

In this menu, you can change your profile (remember that creating a new profile will erase your previous one – you will not be able to retrieve it) and start the game anew. You can see who created the game "Chronicles of Mystery: Curse of the Ancient Temple". You can turn off the music and sounds, as well as tune the sensitivity of your microphone. And that's all, folks! Good luck and have fun.
